

TKV

The background of the advertisement is a close-up photograph of a tracked loader's undercarriage. The image shows the complex arrangement of tracks, sprockets, and idlers. The tracks are dark with light-colored, rectangular grousers. The sprockets are large and metallic. The overall color palette is dark, with highlights from the machine's lights and the yellow body of the loader visible in the upper right corner.

MULTI-TERRAIN TRACK LOADERS

AUSTRALIA'S CONSTRUCTION TRACK & UNDERCARRIAGE SPECIALISTS

We keep your machines moving by offering the widest range of **high-quality tracks and undercarriage parts** Australia wide.

WE'LL KEEP YOU MOVING

WHY CHOOSE TKV?

TKV carries a **complete range of tracks and track parts** for tracked earthmoving machinery, 1-40 tonne.

FASTEST

Our aim is to have what you need, when you need it, in your state, ready to go.

AVAILABILITY

TKV carries the largest stocks in Australia of track loader tracks and undercarriage parts to make sure we have what you need.

EXPERTS

Our team know & love tracks, undercarriage, machines and first class service.

QUALITY

Our products last much longer than cheaper alternatives, and we're prepared to back it with extra cover, so you get a fair go...

DID YOU KNOW?

TKV has over 3,500 tracks in stock at any time and over 40,000 individual pieces of undercarriage parts. Tracks and undercarriage is what we do – **TKV WILL KEEP YOU MOVING.**

MULTI-TERRAIN TRACK LOADERS (MTL)

The MTL machine uses advanced core fibrous belting with molded rubber drive lugs, this requires high-quality materials and workmanship for manufacturing. TUFFTRAC exceeds these requirements, offering traction, flotation, and durability without excessive aggression on surfaces.

TUFFTRAC MTL BENEFITS:

- **Stronger:** Optimised multiple fabric ply belting to provide maximum strength
- **Last longer:** Heavy duty increased carcass thickness designed to minimise puncture damage.
- **Less down-time:** Optimised drive lug geometry with shear resistant compounds to increase drive lug strength.
- **Work lighter:** Close tread pattern to help protect carcass and increase traction whilst minimising damage to the operating surface.

MTL DRIVE LUGS

TRACK LOADER RUBBER TRACKS

There is no machine tougher on rubber tracks than a track loader. Capable of manoeuvring at high speed through the roughest of terrain, the multi-terrain track loader spends most of its time tracking.

TuffTrac MTL tracks are built to perform on Aussie worksites, with multi-layer rubber construction, heavy duty cables and the best performing materials.

MTL TRACKS

THE TUFFTRAC ADVANTAGE

- FAST DELIVERY:** Multiple stock locations
PEACE-OF-MIND: Expertise from years of hands on experience
FULL SERVICE: From supply only to on-site supply and fit we can help
AVAILABILITY: Largest rubber track stock holdings in Australia – more than 280 individual sizes in stock at any time.

TREAD DESIGNS

Matching OEM treads, and with years of testing this tread pattern has proven to increase durability when compared to other tread designs, by reducing the force on the weak and higher stress points.

TUFFTRAC rubber tracks are backed up with a genuine TKV Promise Guarantee providing guaranteed wear life.

TUFFTRAC - the Aussie contractor's choice.

HIGH TENSILE FABRIC REINFORCING

The track is formed around a central high tensile fabric core, providing unparalleled strength in this type of track.

RUBBER COMPOUND

The rubber compound is unique and contains virgin rubber, carbon black, and many other compounds and materials to aid in the strength and durability of these rubber tracks. This formula also significantly minimises the chunking and cut damage caused by sharp objects. This increases the lifespan of the track and reduces the chances of premature breakage.

UNDERCARRIAGE

The TuffPart MTL Undercarriage series covers a comprehensive range of components to fit almost every make and model of Multi-Terrain Track Loader.

At TKV we take pride in the quality of our product - that's why we guarantee you the best value for money and maximum wear-life.

This combined with leading edge heat treatment techniques, TuffPart offers the ultimate wear resistance in the worst operating conditions.

When only the toughest will do, choose TuffPart undercarriage parts for your Multi-Terrain Track Loader .

UNDERCARRIAGE SERIES BENEFITS

FASTER

Huge stock holdings at multiple convenient locations ready for immediate despatch.

EASIER

Discuss your requirements with our experienced technical staff; we partner with you to get you up and working quick and easy.

BETTER

TKV's TuffPart undercarriage is sourced from reputable leading manufacturers who produce to TKV's exacting specifications. TuffPart undercarriage is built for a purchase not a price.

MID ROLLERS AND IDLER WHEELS

TKV Wheels are manufactured to the same specifications as the OEM versions, so they are guaranteed to fit like new, made specifically for Multi-Terrain Track Loaders.

SPROCKET KITS

Replacing the sprocket rollers on Multi-Terrain Track Loaders is part of regular maintenance and should be inspected whenever the tracks are serviced. Our sprocket rebuild kits are hardened heat treated steel for increased wear and grade 8 hardware that won't bend or break under a heavy load. Kits come with all the inner and outer tubes and hardware you need to service your machine sprockets.

TKV PROMISE GUARANTEE

TUFFTRAC | TUFFPART

— TRACK LOADER PARTS —

12 MONTH MANUFACTURER'S WARRANTY

We provide a manufacturer's warranty of up to 12 months* for manufacturing faults on TuffTrac and TuffPart products.

MONEY BACK 30 DAY GUARANTEE

If for any reason you are not totally satisfied with your TKV supplied TuffTrac or TuffPart product, simply return it to one of our warehouses across Australia within 30 days of Invoice date for a full refund.

ACCIDENTAL BREAKAGE COVER

We promise that if your TKV supplied TuffTrac or TuffPart track loader product becomes unusable for any reason, even due to accidental damage, within the timeframes shown below, simply email us some pictures and we will supply a replacement product at a discounted rate based on the pro-rata percentage of time elapsed since date of invoice.

- Accidental breakage cover applies to Track Loader tracks and undercarriage for a period of 9 months.

From time to time some product variation may occur due to supply situation – applies to retail sales only.

ACCIDENTAL BREAKAGE COVER applies within the Manufacturer's Warranty period. The Manufacturer's warranty only covers manufacturing faults. We cover instances where your parts become unusable (not minor or cosmetic damage) due to incidences such as accidental damage.

* Terms and Conditions apply. The TKV Promise applies to TuffTrac and TuffPart products only.
